

WOODWORKS®

Grille

Solid & Veneered
Wood Panels

Broaden Your HORIZONS

Warm, natural wood ceilings in rectilinear solid and veneered wood panels create dramatic lines for ceilings and walls.

- ▶ Slats come in a variety of standard depths, widths, and lengths; custom sizes also available
- ▶ Panels can be installed in the ceiling, on the wall, or create ceiling-to-wall transitions
- ▶ Panels provide easy installation and design adaptability with notched backers, flat backers, dowels, or dowel and backer combinations
- ▶ Custom-curved application available with flexible backer
- ▶ Suspension system virtually disappears with backers that easily install on standard grid
- ▶ Create sleek visuals using integrated linear and downlighting solutions from our partners that are certified for fit and finish and are seismically tested

Curvy, Flat, Angled...Design Away

WoodWorks® Grille – Forté ▶
3/4" W x 4-1/4" H with 3 slats in 96",
48" & 72" lengths in Natural Walnut finish

▲ WoodWorks® Grille – Forté veneered 3-slat panels, 3/4" W x 3" H in 96" lengths in Quartered Sapele (NQS)

CULTIVATE
YOUR DESIGN

Bring occupant well-being to the forefront of your design with the inimitable beauty of solid and veneered wood. Wood interiors contribute to biophilic design, connecting us with nature and offering a natural warmth and comfort.

▲ WoodWorks® Grille – Forté veneered 3-slat panels, 3/4" W x 2-1/2" H in 96" lengths in Plain Slice White Oak (NOK)

FORTIFIED BEAUTY

Showcase natural beauty and strength with the structurally enhanced WoodWorks® Grille – Forté. Solid and veneered panels incorporate notched backers to improve slat alignment and minimize the naturally occurring bow of wood for consistent linear visuals from wall to wall.

VENEERED PANEL

SOLID PANEL

DISTINGUISHED WARMTH

Tinted to replicate naturally occurring wood tones, curated WoodWorks® solid finishes enrich your space with unmistakable warmth and character.

SUSTAIN®

WoodWorks solid finishes are part of the Sustain portfolio and meet the most stringent industry sustainability compliance standards today.

FINISH RANGES ON SOLID POPLAR

Our tinted finishes allow the natural character of the poplar to shine through. The images here reflect the visual range that is likely within our product. Darkest to lightest tones may occur within a single installation due to the character of wood.

Bleached Grey (GBG)

Classic Grey (GCG)

Carbon Grey (GCB)

Rich Mahogany (GRY)

Antique Oak (GAO)

Red Oak (GRK)

English Chestnut (GEC)

Golden Maple (GGM)

Natural Walnut (GWN)

Warm Oak (GWO)

Forest Walnut (GFW)

CUSTOM FINISHES

Custom Wood Species and Finishes Available

LEGACY FINISHES

Maple (GMP)

Light Cherry (GLC)

Dark Cherry (GDC)

White (GWH*)

Due to printing limitations, shade may vary from actual product.

* Painted White finish is not included in the Sustain portfolio.

EXCEPTIONAL CHARACTER

From rich colors to one-of-a-kind graining, a variety of species and veneer cuts offer unparalleled natural beauty.

VENEER CUTS

Different cuts of a log will yield different graining visuals. Choose your veneer to achieve your desired look.

Plain Sliced
Produces the well-known cathedral or loop-grain effect.

Quarter Sliced
Produces a striped, often straight-grain effect.

Rift Sliced
Produces a tight, linear grain along the entire length of the veneer.

BLUR THE LINE

Let linear motion cascade downward from the ceiling to the walls with dramatic flowing lines and intersecting angles.

ACCENTUATE GEOMETRICS

Develop a bold look with congruous lines that create spatial harmony on a linear frame.
