

SHADE POCKETS

AXIOM® Ceiling Perimeter System

Axiom® Ceiling Perimeter System is an extruded aluminum trim solution that provides an aesthetic platform to integrate functions such as drapery pockets, air distribution and changes in ceiling elevation.

KEY SELECTION ATTRIBUTES

- Pre-engineered 2- and 3-sided pockets allow for acoustical and drywall transitions and are compatible with Armstrong® suspension systems
- Axiom is part of the Sustain™ portfolio and meets the most stringent industry sustainability compliance standards today
- CleanAssure™ family of products – includes disinfectable panels, suspension systems, and trim
- Seismic perimeter pocket offers 0.875" flange
- Exposed perimeter pocket offering allows for shade concealment in an exposed structure application. Custom colors available
- No pocket detail allows for custom-sized pocket integration into the ceiling plane with no visible fasteners.
- Allows for quality control at the perimeter and reduces risk associated with field-fabricated, labor-intensive accommodation of air distribution, window pockets, and ceiling elevation changes at the perimeter of the ceiling
- Replaces the framing, boarding, taping, mudding, sanding, and painting commonly used for drywall pockets
- Custom slotting, perforating and cutting available
- 10-year Limited Warranty; 30-year System Warranty

COLORS

Standard

White
(WH)

Custom
Colors
Available*

*Colors that are pre-qualified to meet Sustain™ portfolio requirements are available upon request. Other made-to-order colors must be evaluated if sustainability criteria is required. Lead time will increase.

Perimeter Pocket with Seismic Flange

Custom Double Shade Pocket with No Pocket Detail

Perimeter Pocket with Acoustical Flange for Traditional Framing

PHYSICAL DATA

Material
Extruded aluminum

Surface Finish

Factory-applied baked polyester paint finish. The areas of the 3-sided perimeter pocket, that will be visible once the shade and closure clip are in place, have full paint coverage. The exposed pockets have complete paint coverage.

Design Considerations

All acoustical grid and Axiom trim accessories (a.k.a. clips) are supplied as unpainted items. Exposed clips will need to be field painted after installation, if required for the project. This ensures accessories meet the tested performance criteria and adhere to AWI installation instructions and warranted products or systems.

Cleaning & Disinfecting

Cleaning and CDC-approved disinfecting options available on armstrongceilings.com/cleaning
